

End of Life Notification

April 1, 2014

Dear valued Customer,

We want to notify you that we decided to discontinue the production of all products based on Intel 82546GB. Purchase orders for these products will be accepted until **March 15th, 2015**.

Product Series the will be discontinue:

- PEXG6
- PMCX
- PXE
- PXG

The reason for that is due to EOL notification from Intel on the 82546GB chip that is used in those products.

As the leading global provider of high-performance Ethernet Server Adaptor products, Silicom remains committed to providing you with the highest product performance and reliability available.

To this end, we continue to deliver new Ethernet Server Adaptor solutions that replace these EOL products. Silicom recommends switching to one of our PCIe based product using Intel chips based on Intel I350.

These new products are based on new high-performance components, enabling superior speed and enhanced functionality.

Silicom customers who are using PCI-X products based on the above Intel chip should consider upgrading to these new products.

Full Warranty and Support

As with all our products, these EOL products include a one-year warranty, and we will provide support for a full **three (3) years** after the last-buy opportunity on **March 15th, 2015**.

Silicom will continue to leverage its technology and expertise in the area of Ethernet Server Adaptor solutions. For more information on our product offerings, company news and upcoming events, visit our web site at: <http://www.silicom.co.il/>.

Please contact your account executive with questions, comments or to place a last-buy order.

Thank you,

Shaike Orbach
President and GM
