

# Silicom SVHC Declaration

(REACH 211)

Silicom, Ltd  
14 Atir Yeda str., Kfar Sava, 44000, Israel  
Tel: (972)-9-7644555

4 November 2021

## All Silicom products

The purpose of Regulation (EC) 1907/2006 is to ensure a high level of protection of human health and the environment. According to this commonly called REACH regulation, most chemical substances and mixtures must be pre-registered.

Silicom Ltd does not have to register any substances or notify the European Chemical Agency (ECHA) on any of the substances / mixtures use and we provide this information as service to our customers.

Some of Silicom vendors have declared that their products contain SVHC substances above the concentration limit of 0.1% W/W (as detailed in page 2) that are included in the EU REACH candidate list of Substances of Very High Concern.

This data is partial and based both FMD reports and on declarations, while at this moment Silicom continue gathering updated information from its vendors.

Current number of substances in the Candidate List = 219 (Updated on 08 Jul 2021).

**Updated list of substances may be found in link:**  
<https://echa.europa.eu/candidate-list-table>

Silicom products may contain SVHC substances declared by Silicom suppliers:

<b><u>Substance name</u></b>	<b><u>CAS No.</u></b>
2-methylimidazole	693-98-1
Lead	7439-92-1
Lead monoxide (lead oxide)	1317-36-8
Diboron trioxide	1303-86-2

\*\*\* For detailed information please refer to the SCIP excel.
